# V-ST YOUR QUESTIONS ANSWERED

In addition to the skin around my eyes, forehead, my hands were really starting to show my age. After speaking with my doctor, I started treatments with Sinclair and I'm feeling, and looking, years younger!

## POPULAR TREATMENT AREAS:

- **What skin types are treatable?**  
Due to Sinclair's advanced CORE™ technology and the use of RF energy, all skin types can be treated.
- **Which areas can be treated?**  
With the ability to target different depths in the skin, Sinclair's RF treatments can address every facial and body parts, including areas traditionally difficult to treat, such as hands, décolleté, and bony areas like the forehead.
- **How long do treatments take?**  
Treatment sessions range between 10 and 30 minutes. Exact treatment time depends upon the specific application, each individual patient's condition, and the specific area that is being targeted for treatment.
- **When will I see results?**  
While each person is different, results for Sinclair's RF treatments are visible after the first session.

- **Are treatments painful?**  
Sinclair's contact cooling system provides the most comfortable experiences possible. And, with the ability to target different levels of skin, you'll never receive more energy than is actually needed.
- **How many treatment sessions will I need?**  
Typically the number of treatment sessions range from 3-6 treatments, depending upon the actual application needed, and each patient. Please consult with your practitioner to better understand your individual need.
- **How long do the results last?**  
One maintenance session is generally recommended every 3-6 months, or as required. Your practitioner can advise the best interval time, for your specific needs.

## OUR TECHNOLOGY GOES DEEP

With Sinclair's revolutionary **CORE™ technology**, non-invasive RF treatments have been transformed. CORE™ gently heats your skin. Variable energy levels are delivered via four unique channels, ensuring your treatments are the most effective as possible. Every V-ST procedure is personalized per patient, treatment area and specific symptoms. Sinclair's V-ST treatments can be received year-round—even with tanned skin—and, it is safe and effective for all skin types on any part of the face or body.

**SCHEDULE YOUR SINCLAIR V-ST TREATMENT TODAY!**

While I was pregnant, I watched the skin on my stomach stretch and I was convinced that I'd have those ugly marks forever. I had Sinclair's skin treatments and now I can't wait to wear my bikini at the beach, playing with my little girl!

ELISA

In the last two years, the lines around the contours of my mouth had really deepened and made me very self conscious. I've just started Sinclair skin treatments and I'm very happy with the results. My skin just feels firm and plumper and I can really see the difference, which means I'm not ashamed to smile and that means a lot.
